

Where can I find my tracking number?

Last Modified on 05/16/2025 10:23 am MDT

NOTE: Tracking numbers are only available AFTER the order ships. Orders typically ship out of our warehouse within 3 to 7 business days after you place the order, provided everything you ordered is in stock. Out-of-stock and special order items will delay your shipment even longer. For more information on processing times, please [read this article](#).

Tracking Numbers For Website Orders

For orders placed through our website, your tracking number can be found in the following ways:

- **In your account:** Sign in to your account and click on the order number. The tracking number can be found under the shipping details.
- **Check your email:** You will receive an email with the tracking number within 48 hours of shipping.

What if I can't find the email with my tracking number?

- Please allow up to 48 hours after the package ships to receive your tracking number. Some carriers can take this long to update tracking information in their system.
- Verify that you used a valid email address to place your order and that you spelled it correctly. Invalid and misspelled email addresses will bounce back as undeliverable. Please contact Univair to correct your email address.
- Check your spam or junk folders.

If you still cannot find the email confirmation, contact the Univair sales department for your tracking number.
