

Net 30 Accounts and Dealer Discounts

Last Modified on 05/08/2025 10:52 am MDT

Net 30 Accounts (also called Dealer Accounts) can be opened for bona fide aircraft sales and service organizations, schools, colleges and government agencies. **Univair does not offer Net 30 Accounts to individuals.**

Terms

Orders are shipped payable Net 30. Accounts must be maintained in good standing in order to continue receiving your discounted prices. Interest is charged on overdue accounts, and the account will be closed if not paid by the due date.

Discounts

We offer discounts on Univair-manufactured parts only. Discounts range from 5 to 15% off our retail prices. All non-Univair items are sold at full retail price.

Univair will supply account holders with a copy of our current *Dealer Price List* which shows our retail prices and associated discount rates for all items available for sale. The retail prices published in the *Dealer Price List* are effective as of the date printed on the front cover, but are subject to change at any time without notice.

Note that our website does not calculate dealer discounts, so you will see the full retail prices when placing your order through www.univair.com. However, your final invoice will be adjusted to include your discount prior to collecting payment.

How to Apply

Univair will require banking and financial references to set up an account. We may also request a copy of your resale/tax exemption certificate, a business license or EIN, and/or FAA repair station number.

To apply for a Net 30 Account with Univair, please contact us at 303-375-8882 and ask for our sales department. We will email a credit application with a list of the documents we require for approval.
