Free Shipping From Univair

Last Modified on 05/29/2026 8:03 am MDT

Univair will pay the base shipping costs on orders that meet the qualifications outlined below. The customer is responsible for paying any add-on fees and costs (see this article for details). Customer must choose the "Free Shipping" option during checkout; all other shipping options are paid by the customer.

Free Ground Shipping on Orders Over $350

Univair will prepay ground shipping charges on orders that meet the following qualifications:

- Product total must equal $350.00 or more of qualifying products (see table below).
- The "Ship To" address must be in the lower 48 contiguous United States.
- Orders shipped to Alaska must fit into one USPS Flat Rate Box (maximum 12 x 12 x 5" box), and cannot exceed 70 lbs. in weight.
- **Will ship via Ground service only - Univair chooses the carrier (FedEx or UPS).**
- Complete or partial orders over the $350.00 threshold will receive free Ground shipping; backorder items will be shipped at customer's expense.
- Large and/or bulky items will be shipped via Freight if it is cheaper than the above mentioned Ground services.

What's Excluded

The following conditions may disqualify all or part of your order from the Free Ground Shipping promotion:

- Shipments to international addresses, Hawaii, and P.O. Boxes do not qualify.
- Orders to Alaska that don't fit into a single USPS Flat Rate Box and/or are heavier than 70 lbs. do not qualify.
- Backorder items from partial orders will be shipped at customer's expense.
- Products excluded from free shipping include aircraft frames, wings, tail sections, and top decks. The *Product Exclusions* table below outlines which products are included/excluded in the free shipping promotion.
- **Premium delivery services (Next Day, 2 Day, 3 Day, Express Mail, etc.) will be paid in full by customer.**
- Additional shipping and handling fees (such as oversize fees), when applicable, will be added to the order and paid by the customer (see this article)**.**
- Free shipping promotion cannot be combined with any other discounts.
- Distributor and dealer accounts do not qualify for free shipping.

Canceling or returning items, combining or splitting orders, or changing your shipping address, delivery speed or carrier might affect your order's free shipping eligibility.

Free Motor Freight Shipping on Orders Over $3,500

Univair will prepay the shipping charges for large orders that must be shipped via motor freight if they meet the following qualifications:

- Product total must equal $3,500.00 or more of qualifying products (see table below).

- The "Ship To" address must be in the lower 48 contiguous United States.
- Complete or partial orders over the $3,500.00 threshold will receive free freight shipping; backorder items will be shipped at customer's expense.
- **Will ship via motor freight or cheapest method as determined by Univair.**

What's Excluded

The following conditions may disqualify all or part of your order from the Free Motor Freight promotion:

- Shipments to international addresses, Alaska, Hawaii, and P.O. Boxes do not qualify.
- Backorder items from partial orders will be shipped at customer's expense.
- Products excluded from free freight include aircraft frames, wings, tail sections, and top decks. The *Product Exclusions* table below outlines which products are included/excluded in the free shipping promotion.
- Additional shipping and handling fees (such as crate fees), when applicable, will be added to the order and paid by the customer (see this article).
- Free shipping promotion cannot be combined with any other discounts.
- Distributor and dealer accounts do not qualify for free freight shipping.

Canceling or returning items, combining or splitting orders, or changing your shipping address, delivery speed or carrier might affect your order's free shipping eligibility.

Product Exclusions

The table below shows which products are included and excluded from the free shipping promotions. **Crate Fees, Oversize Fees** and **other add-on fees** are paid by the customer. See Additional Shipping and Handling Fees for a comprehensive list of add-on fees.

**These costs are added to the free shipping and paid by customer, see explanation below*

Why Didn't I Qualify for Free Shipping?

If you meet the minimum order threshold but don't see any free shipping options during checkout, here are some probable causes:

Oversize Fees or Crate Charges Were Added to Your Order

- Some products have oversize fees, crate charges, or other special shipping costs associated with them. If one or more of these items are in your shopping cart, the quote from our website will add the additional shipping and/or handling fees to the free shipping total. So instead of seeing $0.00 as your free shipping price, you will see a dollar amount equivalent to the add-on fees. **You are not paying the shipping costs, just the add-on fees.**
- Univair's Free Shipping offer only covers the base shipping costs; customer is responsible for paying all add-on fees associated with their order. See Additional Shipping and Handling Fees for a comprehensive list of add-on fees.

Some Products Do Not Qualify for Free Shipping

- Some products are excluded from the free shipping promotion. If one of these products is in your cart, you will not see the free shipping option during checkout. See the Product Exclusions table above for a list of products that are excluded from the free shipping promotion.
- Items that can only be shipped by freight are excluded from **Free Ground Shipping**, but will qualify for **Free Motor Freight Shipping** if you meet the minimum $3,500 order and all other requirements noted above.

Your Shipping Address Does Not Qualify

- Free shipping (both Ground or Freight) is not offered to international addresses, Hawaii or P.O. Boxes.
- Alaska addresses can receive **Free Ground Shipping** only if the order fits into a single USPS Flat Rate Box (12"x12"x5"), does not exceed 70 lbs, and meets the $350.00 minimum on qualifying products. Alaska addresses do not qualify for **Free Motor Freight Shipping**.

Net 30 Accounts and Dealer Discounts

- Net 30 accounts do not qualify for free shipping.
- Customers who receive any kind of discount do not qualify for free shipping.

Returning Item(s) That Received Free Shipping

Returning items that were shipped for free may result in you being charged for the original shipping costs. For more details, please see our Returns and Refunds Policy.
